

We wish to keep our customers, our family and our community safe. We have decided to not open our communal areas at present so customers are asked to use their own toilet and shower facilities. We will monitor this situation and all being well we will review our situation in the next few weeks.

You must not travel to stay with us if you or someone you have had contact with in the past 14 days has any COVID-19 symptoms. If you become unwell when staying with us you must return to your home address immediately.

Prior to your booked arrival we will contact you to discuss your arrival time and payment procedure. Payments can be made by card machine or bank transfer.

There will be hand sanitizers, which must be used by all taps, bins, chemical toilet empty and gates. Please maintain social distancing at all times. We ask that you bring a supply of masks and personal use hand sanitizers, as we cannot provide these for you.

We look forward to seeing you soon!

Jo & Colin
